

SOLUTIONS BRIEF: KEYWORDS AUDIO SERVICES IN GERMANY

HELPING YOU DELIVER QUALITY AUDIO CONTENT TO LOCAL AUDIENCES

At Keywords Studios, we realise that your players expect the highest standards when it comes to your game's audio content.

We also understand that challenges such as technical defects, poor casting, inferior sound and below-par direction and performances can be the difference between your game being a commercial success or not. That's why we offer quality voiceover or dubbing services at the best value possible.

From our [offices and on-site recording studio](#) in Hamburg, we collaborate with some of the leading developers, publishers and providers in gaming, media and entertainment.

Our specialist voice recording, dubbing, narration, subtitling and text localization services are trusted by clients to help deliver quality content for audiences around the world.

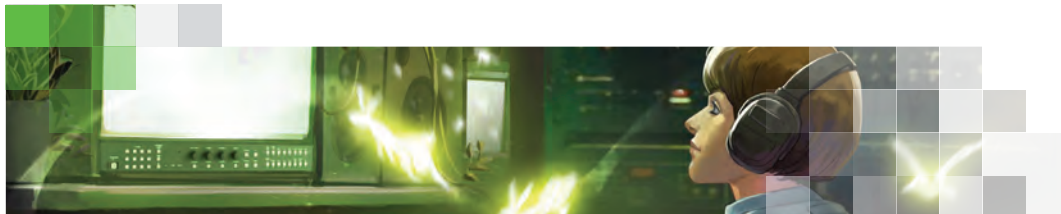

Experience, unique tools and state-of-the-art facilities

Our Hamburg facility is run by a team of industry veterans whose 10+ years of experience and development have resulted in a set of unique proprietary tools that guarantee the fastest turnaround of assets.

By reducing pre-production and management times, we help ensure control and quality in each step. We've won several "Best Localization" awards in Germany for our clients and we are committed to providing your game with the best audio assets and top-level immersion for your players.

Helping you achieve your Audio Localization goals

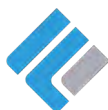

We offer a pool of 500+ top voice talent and access to a range of VIP voices to record in different locations throughout Germany, including: Hamburg, Berlin, Munich, Düsseldorf and Frankfurt.

From the initial casting to the final audio processing and levelling, all pre- and post-production as well as quality assurance is carried out securely by our subject-matter experts with our own proprietary tools.

Award-winning solutions trusted by some of the world's leading game creators

Our team is comprised of localization experts who are also passionate gamers. Having our own internal post-production, QA, direction and casting departments ensures the best quality so implementation can be done as fast as possible after the assets are delivered.

We have produced audio for bestselling games from some of the world's leading publishers and developers including Bethesda, Riot, Capcom and Square Enix. For more information, visit www.synthesis-germany.com.
